## Open-Cut Subs

What's an open-cut sub? It's just the way we cut the bread. The sub roll is butterflied or split, not sliced in half sandwich-style. The meats and cheese are layered on first; then the vegetables fill out the "wedge" of the sub. Oil and vinegar are served on the side with all open-cuts to pour over the exposed veggies.

## Policies & Promotions

### Pickle Policy:

Ask and you shall receive. If not, then you shall not. (For a detailed history and earlier versions of our now-famous pickle policy, please see our white paper on the web or in the store.)

### After-Tax Policy:

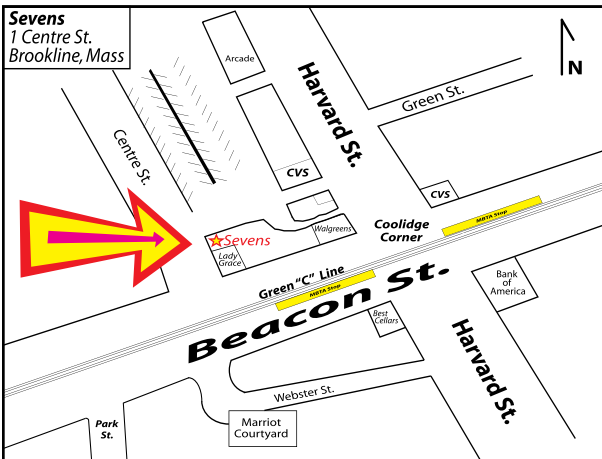

ALL prices on this menu and our menuboard in the store are AFTER-TAX (meal's tax already included in the published price.) This makes paying quite simple, particularly in group orders where all individuals know exactly how much they owe. In addition to being after-tax, every price is rounded to the nearest quarter. This eliminates the need for less efficient coinage such as dimes, nickels &, of course, pennies.

### Late Lunch Club:

Buy 7 large sandwiches or salads after 2pm on weekdays and all day Saturday & Sunday and get credit for 1 FREE large sandwich or salad. Ask for a Seven's sandwich card next time you're in the shop. See website or in-store for details. Does NOT apply for deliveries.

### A Note about Sandwich Sizes:

Large (or whole) sandwiches are made with approximately 6 ounces of meat on the whole bread. Small (or half) sandwiches are made with approximately 3 ounces of meat on bread that has been cut to about two-thirds the original bread size. On sub bread, a large is approximately 10-11 inches long and a small is about 6-7 inches long. When placing an order with us, the DEFAULT SANDWICH SIZE IS LARGE, from the fact that the bread slice is uncut. So, for example, if you say: "Give me a Reuben" we will make a large or whole sandwich. If you want a small sandwich, you must say "small" or "half" WHEN YOU ORDER, not after we have made it! Thank you! Additionally, ALL WRAPS ARE ONE SIZE (large)! If you want less meat or "stuff" in a wrap, no problem, but it will remain priced at the large size.
